*IMPLEMENTATION IN PROGRESS, Data in Test System

Various public health units (PHU) and OH Region Decision Support/Performance Allocation units, who do not share data, participate in the IDS network to support their planning through access to 'de-identified' data.

While IDS supports many OHTs across the province, the following are participating as whole OHTs and are actively adding their key health service partners data:

- Guelph Wellington OHT
- Greater Hamilton Health Network OHT
- Huron Perth OHT
- Oxford and Area OHT
- Central Ontario Specialized Network (COSH)
