

## FUNDING AVAILABLE TO COVER UP TO 80% OF THE COST OF AN ENERGY ASSESSMENT OR WASTE AUDIT

### Act Now

The Green Hospital Champion Fund (GHCF) Audit Program is now open. Through the GHCF Audit Program, hospitals can apply for financial support for up to 80% of the cost to undertake a waste audit, or build on the leading incentive programs provided by Union Gas Limited and Enbridge Gas Distribution to cover up to 80% of the cost of an energy assessment.

The GHCF Application Guidebook, along with all of the supplementary documents, forms and templates can be found on the GHCF website, [www.oha.com/green](http://www.oha.com/green). Together, this package contains all of the information necessary to complete the application process. Act now – contact the GHCF at [green@oha.com](mailto:green@oha.com) to secure your funding. This opportunity won't last!

### About The Green Hospital Champion Fund

The Green Hospital Champion Fund was established by the Ontario Hospital Association (OHA) with the support of the Ontario government through the OntarioBuys initiative to help Ontario's hospitals improve their environmental performance and reduce operating costs through implementation of "green" projects.

The GHCF will use the data collected through the audit program to establish a baseline of Ontario hospitals' waste and energy performance and share best practices among the hospital community. The GHCF Audit Program will be followed by a second program that will support implementation of projects that reduce energy use and waste generation in healthcare facilities.

Questions or comments about the program should be directed to [green@oha.com](mailto:green@oha.com)
