

Attention High-School Teachers and Students

# Youth DiverSTEAM Symposium

MAY 13, 2021

10:00 am-12:00 pm

What is **STEAM**?

How do I get started in a **STEAM** career?

## What type of work do **STEAM** researchers do?

Get answers to these questions and much more at the **Youth DiverSTEAM Symposium**. Learn about the exciting research happening in Ontario's hospital-based research institutes from their passionate scientists in this **virtual, video game style symposium**.

Join us in **Gather.town** for:

- Interactive talks, activities, videos and virtual tours from diverse, role-model researchers as they explore their work in STEAM.
- The chance to meet and network with researchers across Ontario and learn about their journeys getting involved in STEAM.
- Information on exciting opportunities with hospital-based research institutes through seminar series, co-op placements, and shadowing programs.
- The chance to win prizes!

In 2020, the Ontario Hospital Association's (OHA) Health Research and Innovation Committee established an Anti-Racism Task Force. This Task Force in collaboration with Let's Talk Science, is hosting this symposium to expose and promote **science, technology, engineering, arts, and mathematics** (STEAM) studies and careers in hospital-based research institutes across Ontario to high school students, particularly those from under-represented or racialized communities.

Space is limited to ensure a positive and accessible experience for all participants. If your class is interested in attending the symposium please complete our **Expression of Interest** form by May 6, 2021 and we will contact you with more information.
