

Thank you

for being kind, patient and keeping each other safe by:

Washing or sanitizing your hands often

Refraining from touching your face

Coughing or sneezing into your sleeve/elbow and not your hands

Wear your mask at all times except when you can achieve 2 meters (six feet) of physical distancing

Engaging in respectful conversations

Avoiding elevator overcrowding – take the stairs or wait for the next elevator

Wiping surfaces regularly like workspaces and cellphone screens (cleaning of high touch common areas has been enhanced)

We're in this together.
We'll get through it together.
